

# Lianne La Havas – Age

Lianne Charlotte Barnes

This song is mostly fingerpicked block chords. Where I've written "harm." Lianne uses natural harmonics on the 7<sup>th</sup> fret of the G (and sometimes B) string before playing the open E string with her thumb.

## Intro

| Amaj7 | E9 (harm.) | Amaj7 | E9 (harm.) |

## Verse 1

A/E                    E7  
Why do I love him? He don't love back  
A/E                    E7  
When I call his name, he turns his back  
          D#dim                    E9  
The weather is growing cold  
                                  A/E                    E7  
And I want him back again

## Verse 2 (same chords)

I kinda know this other guy but he's rather  
Old enough to be my father  
So he's not the one for me  
Cause I fancy younger men

## Pre-Chorus

                          Bm7  
I'm at a loss  
C#7    D9  
Not a coincidence he left me because  
          Bm7  
My older man  
C#7    D9  
Was ready to love me like the woman that I am, ooh

## Chorus

                          A                    D#dim                    E9  
So is it such a problem that he's old?  
                          A                    D#dim                    E9  
As long as he does whatever he's told  
  A                    D#dim                    E9  
I'm glad that it's just my heart that he stole  
  A/E    D9    A/E    (harm.)  
And left my dignity alone

## Verse 2

When in Rome we landed our first kiss  
I slurred my words but he pretended not to notice  
And then he sat down to play  
My heart sang a symphony

## Pre-Chorus

So far, so swimmingly  
And then I got up to find my fish in that sea  
We've come so far  
So who gives a damn about the ages we are  
Oooh

## Play Chorus

## Last Chorus/Outro

                  A          D#dim      E9  
So is it such a problem that he's old?  
                  A          D#dim      E9  
As long as he does whatever he's told  
                  A          D#dim      E9  
I know I'm gonna survive the December cold  
                  A/E      D9          A/E  
With somebody to retrieve my long lost soul  
                  A/E      D9          A/E\*  
With somebody to retrieve my long lost soul

\*End with a harmonic then slide up to an A note on the E-string 5<sup>th</sup> fret.
